Receipt

Sportsmen for Fish and Wildlife, Inc. is a 501 c(3) charitable organization. The auctions and silent auctions are held within the NM-SFW banquets to assure buyers will be able to take full tax advantages of the donations they make. The fair market value or estimated fair market value will be provided for each item upon request. IRS rules permit a charitable contribution for the amount paid in excess of fair market value. Only the part of the payment made with the intention of making a gift and for which the tax-payer received no consideration qualifies as a contribution. If you have any questions, please contact your tax advisor regarding the tax deductibility. Thank you for your support of the NM-SFW banquets
